Accountant has instructed us to leave the MM acct in the Intl funds for tax purposes.

Lease for PSC Industrial (22 Alden Street) also known as Phillips Services was renewed on 1 December 2014 for two years and will expire on 1 January 2017. Rent on this building is \$2,600 per month which totals \$31,200.00 yearly. At Sept 2016 meeting the BOD voted to increase monthly rent on this property to \$2800.00 monthly starting in 2017. Effective November 2016, PSC Industrial has notified us that they are going out of business and will not be renewing the lease. 22 Alden street property is now vacant!!!

We currently have an auto repair/car dealership showing interest in the building. NOTE: The car dealership (Donald Kelley) has picked up a two year lease from Jana and should drop it off prior to 1 Oct 2017. The two year lease is for \$2,800.00 per month starting 1 Oct 2017. Also the appraisal has just been received at the office and 22 Alden St is appraised at currently \$315,000.00.

The car dealership (Donald Kelly came back with a proposal and only wanted to pay \$1000.00 per month for 6 months. That was rejected and we are now giving 22 Alden St to a realtor to find a lease for us. Still empty.

Note: As of January 2018, Jana has showed 22 Alden St on six different occasions-All say rent is too high and the building needs work.

Special note: We learned a few weeks ago that 22 Alden Street was broken into and the rear door was kicked in to gain entrance. BPD was notified and is investigating. Our insurance is also aware and the first estimate for repairs is nearing \$2000.00 to repair the damage. All of the heating copper piping was stolen and needs replaced and repaired. Will wait for the written estimate to arrive at the office then get it repaired ASAP. Our insurance covered this theft with a \$1000.00 deductible.

Special Note: 22 Alden street property: Effective on 1 May 2018, Mitchell Landscaping will do a partial building lease on this property and pay \$800.00 per month for a part of the building. Also Mitchell Landscaping will do our Snow plowing needs in the winter

for all the properties at no cost to us. (This is approximately a \$2000.00 additional savings to us) we normally pay around \$2000.00 per winter for this service. Also there is another company coming in to see Jana about renting the other part of the building out (more will follow soon I hope)??

- **A.** Rental House, 666 N French Street, Bangor Maine next to the office is rented for \$600.00 per month. Which totals \$7,200.00 yearly. We pay all Utilities for this house. The current lease is for two years and was effective on 4 Jan 2015 and expires 4 Jan 2017. Note: Renters have notified us that they are moving in November, 2016 and this property is also vacant!
 - Note: Effective 1 February 2017 we have a renter in the house. Rent is \$650.00 per month. Renters pay the utilities. One year lease. \$7800.00 annually
- **B.** At the 10 Jan 2015 BOD meeting, a motion was made by Gary Pierce WCC to do a study and get estimates on repairing, and adding onto the current Hdqts building second by GLRC and passed unanimously. On hold until we see what the fundraiser will bring in.

Note: In 2015, the Intl BOD passed a proposal that was presented by Rory MacConnell, Fla XV111, to start a Fundraising program by International, Rory presented the program at Harrisburg, PA and will run it for one year(fundraiser ends at the 2017 convention). Rory Mac Connell is Chairman of that committee. As of today that fundraiser has brought in \$12,197.97. At the July, 2017 annual Hdqts meeting this board voted to continue the fundraiser indefinitely. As of 1 July 2019 the balance in fundraiser is \$12,211.04

Note: At the Hdqts annual meeting of 17 July 2018 the board of Directors voted to Sell 22 Alden street property and also tear down the rental house at 666 French Street (see annual Hdqts meeting minutes for 17 July 2018)

Update: Jana has notified the renter of the home and renter is looking for another place to live at this time Jana will notify a Real Estate co to get 22 Alden street on the market Jana had a meeting with the city and was advised that we don't need a survey/rezone of the property because it is commercial, we just mark off and sell .Jana can advise more info on this.

Jana is in the process of getting price quotes for the demolition of the house:

The Treasurer's report is posted on the Blue Knights web site and listed in the members only section for all members to see.

PRESIDENT – DJ Alvarez:

(DJ) Ricky Gautreau is battling cancer, he asks if we can keep him in our prayers.

Northeast (GP) after two months he has been sent back home, he is currently on meds. If you didn't known he was ill you wouldn't know it because he looks great and has his sense of humor still. He is making plans to travel to the Fall NEC and misses the Blue Knights.

(DJ) asks to keep him in our prayers

Office Manager – Jana Clark:

Nothing new to report.

BOARD OF GOVERNOR'S – Rory MacConnell:

BOG (RM) everyone heard our numbers for the special fund at the general membership meeting. As we all know we don't have a convention host for 2021, so according to the rules it goes back to the BOD.

(DJ) if a chapter does not step up, we may have to reach out to the convention visitor's bureau to assist to set up a convention. The Midwest area might be a good location to look at. That's what Tyler did in they held the international in Tyler Texas. The convention visitor's bureau did pretty much everything the chapter just had to have a crew for logistics stuff. It's just something to think about.

Tri State (RH) asked if any chapters reached out to host the convention.

(RM) Daytona looked into it, but decided not to do it.

Southwest (GO) stated that he has 2 possible chapters but it is still in the works.

Mason Dixon (MP) brought up an issue on contracts when looking at conventions

(DJ) related that is a good point, that every bad contract that has ever been signed since he has been around has been from people who never ask for help. So maybe we should look at making it mandatory that it be reviewed by the International Convention Committee. This way we may be able to guide them. He thinks the guidelines should be changed and host chapter MUST submit the contract to the committee for review prior to signing.

There was further discussion that went back and forth reference contracts which gave the BOD something to think about for the future.

NEW BUSINESS:

Proposal Number 2019-0004

Proposal: To update and amend Int'l By-laws Section 3.20. Treasurer

The current information in the by-law will be renumbered Section 3.20 (a). **Paragraph (b) will be added with the following wording.**

The International Treasurer shall ensure that an outside financial document audit of the financial records and accounts for the Blue Knights International is conducted. The financial document audit process shall begin February 1 following the International Executive Board election. All efforts will be made to have the financial document audit completed within 60 days; once completed, a full report will be delivered to the International Board of Directors at their next meeting. The full report will be posted on the Blue Knight Website under the financial section.

Background: After the incident with Bessie Small, an audit of the finances of the international was completed. At that time, the Board decided to audit the books after each International Board election. Since that time, no action has been taken on this endeavor.

Intent: The intent of this proposal is to mandate when the audit is to be scheduled. It also mandates that the full report is available to the members.

Advantages: Ensures that an outside firm reviews the finances of the International. This will ensure the best accounting procedures are practiced and will encourage trust by the members that the finances of the International are protected.

Disadvantages: None

Cost: The actual cost will vary depending on firm selected. Past audits have ranged from \$5,000 to \$7,500.

EXECUTIVE BOARD APPROVES THIS PROPOSAL SUBMISSION

Motion – Northeast Conference (GP), 2nd MDC (MP)

Discussion:

West Coast (LO) asked if this was a document review or a financial review.

Treasurer (JRB) responded financial review, it will be an audit done.

(LO) asked if he would change the first line to say "financial document audit" in his motion (JRB) stated that he would.

A motion was made to place financial document audit everywhere in the first paragraph where it says "Audit"

1st: West Coast (LO), 2nd: Great Lakes (DH)

Motion Passes. NOTE: the proposal above reflects the approved motion.

BOG (RM) asked why February 1st? We don't do the audit during August or July since we change Treasurers in July.

(JRB) related it's because of the fiscal and that we go by the calendar year. This would also give the office time to close the books then hold the audit because the books would be done and all bills paid for the year. This would be done every two years (The year of the election)

Motion was made to amend the proposal on the first line to remove "auditor on a bi-annual basis" to now read "an outside". Then on the 2nd line to add "is conducted" after Blue Knights International.

1st: GLRC (DH), 2nd: Europe (KH)

Motion Passes. NOTE: the proposal above reflects the approved motion.

Secretary (JB) called the question on the proposal. All in favor on the proposal as amended.

Motion passes unanimously.

Proposal Number: 2019-0005 (WITHDRAWN)

Proposal: This is to place a temporary moratorium on the Silver and Bronze Dues Tier programs. The moratorium will remain in effect until the close of the final/budget BOD meeting in 2019.

Purpose: To allow the BOD and Budget Committee the time to establish the proper financial system to make the Silver and Bronze Tiers Program(s) viable.

Background: When the Dues Tier programs were established the BOD did not take into account how the dues should be handled to allow the monies paid to earn interest and make the program self-sustaining. The dues paid were placed in the general account and used to aid in paying monthly/yearly bills.

Intent: To make sure the Silver and Bronze Dues Tier programs can be maintained to the duration on the Club's lifetime.

Advantages: Gives the longtime members a sense of accomplishment and pride in being a member of the Club for 20 or more years.

Disadvantages: (1) It will delay members who are eligible to join these Dues Tier programs from joining until a later time.

(2) It may result in an increased cost for the onetime dues payment of \$150.00.

Cost: To be determined by the Budget Committee and BOD.

EXECUTIVE BOARD APPROVES THIS PROPOSAL SUBMISSION

Proposal Number: 2019-0006 (WITHDRAWN)

HISTORY: We have many officers who have been trained, certified and worked full time positions as officers. They may have left full time law enforcement for a more lucrative career or other reasons, but maintain a "reserve" deputy status to keep the certification of training as required in their jurisdictions. They work on various details and may be activated to full time paid officers in emergency situations.

Many departments maintain a force of reserve officers, they are not paid, but must remain trained and certified. The agency in return pays for the training yearly, provides uniforms, and equipment to do the job of a full time paid officer when called upon, and are required to maintain the powers of arrest in that jurisdiction.

They must work a minimum of hours per month/year to remain certified, but do not receive pay for those hours.

While in uniform they have full powers of arrest and if injured are regarded as "on duty" for workers compensation. If killed while in uniform they are respected and identified the same as a full time or part time officer. They work in uniform, armed, and do the same job with the same hazards for no pay.

Proposal is to add to associate membership in the articles of incorporation. Amend to include non-salary officers with powers of arrest while on duty and who have completed the mandate training in their state to become a "peace officer", but Does not receive monetary compensation. The member must be certified as per the mandates of the state P.O.S.T as a qualified, trained and empowered law enforcement officer while on duty with powers of arrest.

<u>Purpose:</u> To increase the associate classification for membership, all the same criteria for associate membership except pay. This would be by state, province, or country mandate to remain certified with powers of arrest while on duty. These officers do the same job without pay, the compensation is the certification to remain officers with powers of arrest while on duty. Same job when in uniform and no pay.

Proposal: To amend the Articles of incorporation addition in capitalized bold underlined print

ARTICLES OF INCORPORATION

SECTION 2. ASSOCIATE MEMBERSHIP Except as otherwise provided in this Section, all Associate members must be persons who are employed <u>OR EMPOWERED</u> on a part time basis (less than 32 hours per week, minimum of 96 hours per year and are <u>MANDATED TO</u>

<u>MAINTAIN A RESERVE STATUS</u>, by a governmental law enforcement agency or department and receive monetary compensation for such employment, <u>OR AS a non-paid Reserve</u>

<u>Peace Officer" STATUS</u>, and <u>CERTIFIED annually BY the STATE OR OTHER PROPER</u>

<u>AUTHORITY and by the Chapter to which he is a member, AS AN OFFICER WITH</u>

<u>FULL POWERS OF ARREST WHILE ON DUTY</u>.

All Associate members must have arrest authority, meaning they must be empowered "by statute", to arrest offenders, as defined in their jurisdiction (other than a private citizen) at all times while on duty. Any member who was an Associate member on March 4, 2017 shall have the right to continue as an Associate member if they meet all other requirements. Persons who have been employed and have taken an honorable separation after fifteen (15) years total service as a part-time (less than 32 hours per week, minimum 96 hours per year) employee of a governmental law enforcement agency or department are eligible for Associate membership although they may not be presently employed by such law enforcement agency or department. The person must submit letters or documentation of proof to substantiate their qualification under this section.

<u>Intent:</u> To allow an addition to the associate category of membership and to attract new members who are fully certified as "Peace Officers" but do not get paid a salary for their work in law enforcement. As associate members, they would only be able to hold the position of an executive board Secretary, or Treasurer at chapter level and the Chapter that they are members of will be required to verify their continuous association with a law enforcement agency each year at the time of renewal.

<u>Advantages:</u> Will increase our membership without changing the elected positions from regular members controlling the organization.

Disadvantages: None

Cost analysis: None

Agreed upon by the Board of Directors of the Southern Regional

Conference

NAME DATE TITLE/POSITION

Proposal Number: 2019-0007

Proposal: Any complete fiscal audit(s) or reviews, paid for by our organization, be posted on our Club web site; or, failing the ability to post the entire audit at this time, to post any part/year that is not made available because of its attachment to any other legal matter. Unavailable parts should be posted as they become available.

Intent: The intent is to make available to every member the finding of the fiscal audit.

Background: Our organization had a basic audit completed and made the findings available to the membership. A second audit, a more thorough fiscal audit, was eventually authorized by the International Board. This second audit provided the basis for criminal charges to be brought against an individual. During the criminal proceeding, the accused requested another fiscal audit be conducted on behalf of the State of Maine. This was done and would probably have taken priority as evidence in the case. Eventually, the defendant entered into a "plea deal", which usually includes a waiver of any appeal. Additionally, because of statutes of limitations, all of our fiscal audit findings were not applicable to the prosecuted case.

Our fiscal audit is a completed document covering a past time period, not an ongoing, fluid situation, and is apparently supported by the State of Maine's audit.

This Proposal was brought before the Tri State Conference Presidents by a Past Chapter President during the Tri State Conference Spring Meeting held on May 04, 2019. It was discussed and the Presidents voted unanimously in agreement and approved to present this proposal as an agenda item for the International Board meeting currently scheduled to be held August 06, 2019 at 07:30am.

Advantages: The membership will be able to read and digest the facts first hand.

Disadvantages: None

Estimate of costs to enact/implement: None

Motion – North East (GP), 2nd MDC (MP)

Discussion:

President (DJ) started off by saying that Bessie or her attorney never did an audit, so we don't have that. Also our attorney has said that until this is completely over we should not put anything out. We have to be careful since people put things out on social media.

West Coast (LO) recommend to Russ that we change the first line to say "any complete fiscal audits or reviews"

Tri State (RH) wanted to say that what Tri State was saying is when they do become available, so if the attorney is saying it is not available he understands but when it does become available is when they would like it done.

(DJ) believed that the only audit he was aware of was when they did audit over the missing goods and it was posted on line. The only other audit is out there is the one we are dealing with on the Bessie issue. Again, at the advice of our attorney we should hold off on the Bessie audit until this matter is completed.

The club paid for 2 audits, the first in 2013 that was for the missing goods, that one was finished and released and put on the Blue Knights website. The only other one we paid for is the ongoing case with Bessie.

Motion to amend first line to say "any complete fiscal audit(s) or reviews"

1st West Coast (LO), 2nd Tri State (RH)

Motion Passes. NOTE: the proposal above reflects the approved motion.

Secretary (JB) called the question on the proposal. All in favor on the proposal as amended.

Motion passes unanimously.

CONFERENCE REPORTS:

European:

I would like to thank the members of NY 2 for hosting the 45th International Convention. We in Europe are proud to say that our great club is growing as we speak. Ukraine 1 has started, in June I travelled to Tbilisi in the Republic of Georgia to get a new chapter started and it's only waiting for the paperwork to get send in and we have good contact in Mongolia to get a chapter started. We are still working on Spain and maybe Cyprus. We just helped also set up Hungary 3 after there were some issues with Hungary 1 and 2. They no longer exist but we are confident to finally have the right people to do the job. We had a new European board elected at the EC in Cologne: Andres Hohendorf (who's present) is our new Chairman and Nicole Patroi from Romania is our new Vice-chairman. I hope to see all of you next year at the International in Ireland and let me know if anyone needs help when you want to visit the rest of Europe. The European members are ready to assist you where we can! RWP
